

Address Search Hints

- If your address has a direction in it you should enter it like this:
House #: 200 Street: Wind Lake Rd E
(Put the direction for the road after the name of the road)
- If you have a direction in front of the house number than that address is not in Racine County. You may want to try Walworth, Kenosha, or Waukesha Counties.
- If your address is located on a road that has multiple names, try them all. We only have room for one name so search them all.
- If its on a highway, type Hwy in the street field

If the recording date is 9/24/1999 this is not the correct recording date. Please verify date with the Register of Deeds office. (262) 636-3208
